Our Junior Field Agents (the Cubs) will take part in a series of missions designed to build skills in **teamwork, problem-solving, observation, and leadership**, while learning about the world and protecting it from the mischief of the notorious organisation **V.I.L.E.**

Activities will include **spy training, global challenges, creative crafts, wide games, and campfire adventures**, all adapted to be safe, age-appropriate, and full of fun.

In preparation for this top-secret mission, each agent will need to:

1. **Complete and submit the Consent Form and Health Certificate** at time of online registration for the camp.
2. **Pack their own mission bag** (kit list provided) so they know exactly where to find their gear during operations.
3. **Bring their sense of adventure, teamwork, and curiosity** – essential tools for every successful agent!

All activities will be supervised and conducted in accordance with **Scouts South Africa's Safe Scouting Policy** and the **Cub Camping** requirements. The camp will provide a secure environment where Cubs can learn, grow, and have a truly memorable experience. Cubs who already hold their **Swimming Badges** will have the opportunity to take part in **supervised swimming activities** as part of their field training. These activities will be conducted under strict **Safe Scouting water-safety guidelines** and led by qualified leaders to ensure every agent stays safe while making a splash!

Should you have any questions before deployment, please contact **A.C.M.E. Mission Control (the camp leadership team)**. Further mission details, including the final kit list and arrival instructions, will follow.

We look forward to welcoming your Junior Field Agent to **A.C.M.E. Headquarters** for a weekend filled with adventure, friendship, and discovery.

To make this mission a success, the **Cub Leadership Team** requires a minimum of **18 Junior Field Agents** to be deployed. We therefore **implore all parents to allow their children to attend** this exciting camp – every recruit counts in the fight against V.I.L.E., and no young agent should miss this unforgettable adventure!

In service of curiosity and courage,

Carmen Sandiego

Chief Field Operative, A.C.M.E. International
